## CALENDAR OF EVENTS

### August 2005

- 5 – New REVISED Registration Deadline for School Meals Workshops
- 10 – July Claim Due
- 11 – School Meals Workshop / Calhoun County ISD
- 15 – CNAP Renewal Deadline
- 16 – School Meals Workshop / Kent County ISD
- 30 – School Meals Workshop / Wayne County RESA
- 31 – Amendments to Year End Report Due

### September 2005

- 10 – August Claim Due
- 20 – School Meals Workshop / Michigan Department of Education (Lansing)
- 21 – Michigan Action for Healthy Kids – Statewide Meeting / Kellogg Center (East Lansing)
- 22 – School Meals Workshop / Saginaw County ISD
- 29 – School Meals Workshop / Marquette-Alger RESA

### October 2005

- 1 – Start Verification Activities for SY 2005-06
- 10 – September Claim Due
- 19-21 – Fall Conference / Kellogg Center (Lansing)

## PROFESSIONAL DEVELOPMENT, TRAINING & RESOURCES

### School Meals Workshops – REVISED!!!

The staff of the School Meals Unit, Grants Coordination and School Support, Michigan Department of Education is sponsoring School Meals Workshops for SY 2005-06. The workshops will be held around the state at intermediate school district facilities. The workshop times are 9:00 a.m. to 3:00 p.m. to allow for travel time.

In an attempt to serve the needs of as many school districts as possible, the REVISED workshop agenda will be as follows:

- |                         |  |
|-------------------------|--|
| 9:00 a.m. – 11:00 p.m.  | CHILD NUTRITION REAUTHORIZATION UPDATE<br>Session will cover changes in Household Application, Verification, HAACP Program and Local Wellness Policy. This first session is important to <b>“all school district personnel”</b> responsible for certification and verification”. |
| 11:00 a.m. – 12:00 noon | Requirements and records for school meals program.   |
| 12:00 noon – 12:45 p.m. | Lunch Break  |
| 1:00 p.m. – 3:00 p.m.   | Food Service Contracts with Vendors; Meal Counting & Claiming; Menu Planning & Nutrient Standards; and Questions & Answers.  |

The workshop agenda will cover items that a School Food Service Director and School District Manager need to know to be in compliance with USDA requirements.

(cont.)

## School Meals Workshops – REVISED!!! (cont.)

Registration is at [www.tcombridge.org](http://www.tcombridge.org)

- Click on “TCOM Events”
- Scroll down and click on “MDE”
- Click on desired “Workshop Date”
- Read through event details
- Scroll down and click on “Register Here”
- Fill in Registration Information
- Click “Submit”

NO confirmation notice will be sent. Plan to attend the site you register for unless you hear differently from us. If there are not enough registrations for a particular site, the workshop will be cancelled for that site and you will be notified of the cancellation. Registration information **MUST** include all contact information so we can reach you in case of a cancellation.

### **NOTE: Extended Registration Period**

***Registration will close Friday, August 5, 2005.*** Space is limited. Locations and dates are as follows:

August 11, 2005	Calhoun County ISD 17111 G. Drive N. – Marshall	Phone: 269-781-5141
August 16, 2005	Kent County ISD 2930 Knapp St. NE – Grand Rapids	Phone: 616-364-1333
August 30, 2005	Wayne County RESA 33500 Van Born Road – Wayne	Phone: 734-334-1311
September 20, 2005	Michigan Department of Education John Hannah Bldg. 608 W. Allegan St. – Lansing	Phone: 517-373-3347
September 22, 2005	Saginaw County ISD 6235 Gratiot Road – Saginaw	Phone: 989-399-7473
September 29, 2005	Marquette-Alger RESA 321 E. Ohio – Marquette	Phone: 906-226-5100

## Fall Conference

Michigan Department of Education and the School Nutrition Association of Michigan have joined forces to offer the return of the Annual Fall Conference for School Food Service Directors and Supervisors. The conference will offer pre-conference classes beginning on Tuesday, October 18, 2005. The Conference will begin in the afternoon of Wednesday, October 19 and finish on Friday, October 21, 2005.

More information will be coming your way sometime this summer. Keep you calendar open. You don't want to miss this event:

***October 19-21, 2005  
Kellogg Center – Lansing***

## COMMODITY CHAT & UPDATES

### Transfers of Commodities to Other Institutions

Under Federal Regulations, recipient agencies are permitted to transfer commodities to “in kind institutions”. This means that school districts are permitted to transfer to other school districts. It does not mean that schools can transfer to jails, food banks or other agencies.

A commodity transfer form is available at the following MDE website: [Food Distribution Website](#). This form must be signed and kept on file by both school districts. In addition, a copy should be faxed or mailed:

FAX: 517-373-4022 / Grants Coordination and School Support

MAIL: Attn: Victoria Hwang, Food Distribution, 608 W. Allegan, Lansing, MI 48933.

Questions/Concerns: Please contact Jayme Priest at 517-335-3792 or e-mail at [priestj@michigan.gov](mailto:priestj@michigan.gov)

### NFS + TLC Update of Processed / Donated Commodities for SY 2005-06

#### PROCESSED FOODS DISCONTINUED FOR SY 2005-06

- Sponge Bob Milk – Chocolate
- Sponge Bob Milk – Strawberry
- Sponge Bob Milk – Vanilla
- Litehouse Ranch Dressing
- Bun Basket Bread Sticks Pre-Baked

#### DONATED FOOD DISCONTINUED FOR SY 2005-06

- Salmon Pink Pouch

#### DISCONTINUED REBATES FOR NON-FAT MILK (NFDM)

- General Mills Yogurt (Colombo + Yoplait)
- Schwans Products
- Gilardi Pizza

#### NEW PROCESSED FOOD FOR SY 2005-06

- Sponge Bob Milk with Reduced Sugar – Chocolate, Strawberry + Vanilla
- Muffin Town Orange Cranberry Muffins
- Litehouse Sweet BBQ Rib Sauce
- Albie's EZ Jammer Philly Steak
- Burnette Shelf Stable:
  - Strawberry Applesauce Cup
  - Plain Applesauce Cup
  - Cinnamon Applesauce Cup
- Schreiber (NFDM) Products:
  - Fiesta Cheese Melt
  - Queso Melt with Vegetables
  - Jalapeno Cheese Sauce Cup
  - Cheddar Cheese Sauce Cup

#### UPDATE FOR [Food Distribution Website](#)

- Commodity Value Listing SY 2005-06
- Nutrient Analysis SY 2005-06
- Recipient Agency/ PAL SY 2005-06
- Donated Food Distribution Handbook

## **Low Saturated Soybean Oil Helps Farm to School Effort**

For SY 2005-06, the Michigan Department of Education (MDE) has ordered Low Saturated Soybean Oil (B664) as a replacement for Vegetable Oil and Liquid Shortening that was previously used in the USDA Commodity Program. This new product will be available for the schools who participate in the state commodity distribution from Northern Food Service and TLC Warehouse. This Low Saturated Soybean Oil has half the saturated fat of regular vegetable oil. In addition, it has 0 grams of Trans Fat. This oil can be used in place of any other cooking oil for salads, baking, sauces, dressings, sautéing and frying. Since this soybean oil is produced from lower saturated soybeans raised in Michigan, schools are helping support Michigan Agriculture! Stay tuned for further information and exact dates it will be available from the warehouses.

## **DOD Baby Carrots**

MDE has had numerous complaints regarding the quality of the DOD baby carrots that were distributed by both TLC and Northern Food Service during SY 2004-05. Therefore, for SY 2005-06, school districts will no longer receive DOD baby carrots. The DOD dollars will be used to purchase apple varieties, sliced apple packets, nectarines, peaches, potatoes, grapes, pears and oranges.

*Questions/Concerns: Please contact Jayme Priest at 517-335-3792 or e-mail at [priestj@michigan.gov](mailto:priestj@michigan.gov).*

## **Potato Price Increase for Regions 1 and 3 (Northern Food Service)**

There will be an additional \$3.00 per case added to potato ovens, rounds and wedges from Northern Food Service. This price increase is to cover costs incurred by Northern Food Service when orders in the Electronic Commodity Ordering System (ECOS) were doubled during the SY 2004-05. Northern Food Service received twice as many potatoes as they should have. Good news - the rate of distribution will continue to be "unlimited" until the potatoes are gone!

## **Electronic Commodity Ordering System (ECOS) Implementation Delayed**

Many of you attended the School Meals Summer Workshops held at Holt High School in Lansing and at Grayling High School in Grayling. At the workshops, the Michigan Department of Education (MDE) Food Distribution Unit announced the implementation of the new United States Department of Agriculture (USDA) web based Electronic Commodity Ordering System (ECOS). The training for schools was scheduled for September 2005 at various sites around the state. Schools were to place orders in ECOS for School Year (SY) 2006-07 beginning in January 2006.

At the same workshops, the Food Distribution Unit moderated two focus surveys with Food Service Directors (FSD) from around the state to identify potential barriers of the ECOS program. As a result of these focus surveys and input from the FSD, it is apparent to MDE that distribution for the ECOS system needs to be studied further. Therefore, for the SY 2006-07, schools will have the following choices: continue with state warehouses, join Great Lakes Cooperative, join SPARC or enter into another consortium/cooperative arrangement.

ECOS for all schools will begin the following year for SY 2007-08 with training for all districts in September of 2006.

*Questions/Concerns: Please contact Marla J. Moss at 517-241-4054 or email at [mossmj@michigan.gov](mailto:mossmj@michigan.gov).*

## Warehouse Price Increase

Both TLC and Northern Food Service, requested and were granted price increases on their contracts for warehousing and distribution of USDA commodity products. These price increases are effective July 1, 2005 through June 30, 2006. This is the first price increase that either warehouse has requested since SY 2002-03. Prices will increase by 22% from Northern Food Service and 11% from TLC.

*Questions/Concerns: Please contact Jayme Priest at 517-335-3792 or e-mail at [priestj@michigan.gov](mailto:priestj@michigan.gov)*

## Let's Keep Kids Healthy – No More Commodity High Fat Ranch Dressing

The Michigan State Board of Education's Policy on Offering Healthy Food and Beverages in Venues Outside of the Federally Regulated Child Nutrition Programs states that "establishing healthy eating behaviors during the school-age years can make an important contribution to short and long term disease prevention and health promotion. Because excess calories are stored as body fat, children who eat more calories than their bodies require are at increased risk for becoming overweight in childhood and obese as adults. Excess dietary fat may provide excess calories and may also increase the risk for chronic diseases."

With that said, Michigan Department of Education (MDE) has made the decision to offer only the Commodity Reduced Fat Ranch Dressing for SY 2005-06. One small, simple step that all schools can take to create a healthy school environment is to substitute the Commodity Reduced Fat Ranch Dressing for the high fat version. Start next school year with the Reduced Fat Ranch Dressing. Think of the difference you can make in the health of your students. In addition, since the reduced fat version uses half the amount of commodity oil, you can order more cases through-out the year.

*Questions/Concerns: Please contact Jayme Priest at 517-335-3792 or e-mail at [priestj@michigan.gov](mailto:priestj@michigan.gov)*

## Ordering New Processed Commodities

MDE recommends ordering a small quantity of a new commodity processed item to try with your students first. That way, it is possible to avoid having a large quantity on hand that the students decide not to accept. This could save your program money as well. There are processing fees that are incorporated into the price that you pay for each case of processed commodities.

## Administrative Policy #12, SY 2004-05

Please read Administrative Policy #12, Inventory Calculations for School Meals Program Year End Report and Single Audit, before preparing your Year End Report or Single Audit. This policy clarifies how inventories are taken for both of these reports. A copy of this policy was emailed to all superintendents in May. You can access the policy at the following link:

[http://www.michigan.gov/documents/AdminPolicy12\\_125277\\_7.pdf](http://www.michigan.gov/documents/AdminPolicy12_125277_7.pdf)

*Questions/Concerns: Please contact Marla J. Moss at 517-241-4054 or email at [mossmj@michigan.gov](mailto:mossmj@michigan.gov).*

## REGULATORY ISSUES

### Local Wellness Policy Resources

On June 30, 2004, Congress passed Section 204 of Public Law 108-265, of the Child Nutrition and WIC Reauthorization Act of 2004. This law requires each local education agency participating in a program authorized by the Richard B. Russell National School Lunch Act (42 U.S.C.1751 et seq.) or the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) to establish a local school wellness policy by July 1, 2006.

*(cont.)*

## Local Wellness Policy Resources (cont.)

The following resources may assist school districts in developing policies:

- 1) Local Wellness Policy Web pages from USDA's Team Nutrition web site: [www.fns.usda.gov/tn](http://www.fns.usda.gov/tn). Click "Local Wellness Policy"
- 2) Section 204 of Public Law 108-265: [www.fns.usda.gov/tn/Healthy/108-265.pdf](http://www.fns.usda.gov/tn/Healthy/108-265.pdf)
- 3) Healthy School Action Tool (HSAT) is an online assessment to help your school determine ways to create a healthier school environment. [www.mihealthtools.org/healthyschools.asp](http://www.mihealthtools.org/healthyschools.asp)
- 4) Michigan Surgeon General's Healthy School Environment Recognition Program is designed to recognize and applaud Michigan schools that have taken significant steps to make their environments healthier. [www.mihealthtools.org/healthyschools.asp](http://www.mihealthtools.org/healthyschools.asp)
- 5) Local Wellness Policy web pages from School Nutrition Association web site: [www.schoolnutrition.org](http://www.schoolnutrition.org)
- 6) Michigan Team Nutrition web site provides numerous resources designed to encourage students and their families to eat healthy and be active. [www.tn.fcs.msue.msu.edu](http://www.tn.fcs.msue.msu.edu)
- 7) COMING SOON: The Michigan Action for Healthy Kids (MAFHK) Local Wellness Policy training in East Lansing, MI on September 21, 2005. Register for this free MAFHK conference by visiting the registration form at [www.actionforhealthykids.org](http://www.actionforhealthykids.org) (then go to "State-by-State Action" and choose Michigan).
- 8) COMING SOON: The Michigan Department of Education, School Nutrition Association of Michigan, and other key state organizations will draft and disseminate a model Local Wellness Policy.

*Questions/Concerns: Please contact the School Meals Program at 517-373-3347.*

## Nutrition Review Update

Food Creations, Inc. will be sending Nutrition Review packets to approximately 200 schools during September through December of 2005. Food Creations, Inc. is the nutrition review consulting company for the Michigan Department of Education. The list of selected schools can be found at the end of this Food Scoop issue (pages 12 and 13).

So what do you need to do if your school received a nutrition review notice this year? First, don't panic. You have all of the needed information in your food service operation to complete the nutrition review. Second, Food Creations staff is very willing to assist you in this review process in any way. If you have any questions about the nutrition review, give them a call.

What materials do you need for the nutrition review? The following four (4) items are needed:

1. A copy of one (1) week's menus
2. A copy of the production record for the week selected.
3. The forms included in the Nutrition Review packet
4. About one (1) hour of time!

*Questions/Concerns: Please call Food Creations, Inc. at 517-641-4139 or 517-641-7437, or e-mail at: [shcash@msu.edu](mailto:shcash@msu.edu). They are looking forward to working with you.*

## HACCP – Reauthorization Update

USDA has mailed a copy of “*Guidance for School Food Authorities: Developing a School Food Safety Program Based on the Process Approach to HACCP Principles*” to all SFAs. Most schools received this document the last week of June, 2005. If you have not received your copy, it can be downloaded for printing at the following website: <http://www.fns.usda.gov/cnd/WhatsNew.htm>

On the introduction page of this guidance, it states that “All SFAs must have a fully implemented food safety program that complies with HACCP principles or with this optional guidance no later than the end of SY 2005-06.” The following four (4) paragraphs are copied from the HACCP guidance document and explain how the new document can aid SFAs in developing the minimum elements that must be included in a food safety program based on HACCP principles.

Section 111 of the Child Nutrition and WIC Reauthorization Act of 2004 (Public Law 108-265) amended section 9(h) of the Richard B. Russell National School Lunch Act by requiring school food authorities (SFAs) to implement a food safety program for the preparation and service of school meals served to children in the school year beginning July 1, 2005. The program must be based on Hazard Analysis and Critical Control Point (HACCP) principles and conform to guidance issued by the Department of Agriculture (USDA). All SFAs must have a fully implemented food safety program that complies with HACCP principles or with this optional guidance no later than the end of SY 2005–06.

This document serves as USDA guidance for the implementation of HACCP-based food safety programs in schools participating in the National School Lunch Program (NSLP) or the School Breakfast Program (SBP). This guidance identifies the minimum elements that must be included in a food safety program based on HACCP principles. SFAs may use this guidance to develop a food safety program that meets the needs of each food production and food service facility in their jurisdiction. SFAs that already have a HACCP-based food safety program in place may retain their current program if it includes all the HACCP principles listed in this guidance. This guidance, however, does not address school food safety inspections because they are a separate requirement.

HACCP is a systematic approach to construct a food safety program designed to reduce the risk of foodborne hazards by focusing on each step of the food preparation process - from receiving to service. More information regarding the traditional approach to HACCP may be found at: <http://www.fsis.usda.gov/OPHS/NACMCF/past/JFP0998.pdf>.

USDA recommends that SFAs use the Process Approach to HACCP because it gives them flexibility to create a program suitable for a variety of situations. The Process Approach, originally developed by the Food and Drug Administration for retail food establishments, categorizes food preparation into three broad categories based on how many times each menu item moves through the temperature danger zone. This guidance presents a modified version of the Process Approach to make it practical for school foodservice operations.

Serving safe food is a critical responsibility for school foodservice and a key aspect of a healthy school environment. Keeping foods safe is also a vital part of healthy eating and a recommendation of the *Dietary Guidelines for Americans 2005*. When properly implemented, HACCP based food safety programs will help ensure the safety of the school meals served to children across the Nation.

The Guidance and downloadable Standard Operating Procedures (SOPs) can be found at: <http://www.nfsmi.org/New/index.html>

Click on *HACCP Based Standard Operating Procedures (SOPs)* under Resources. The SOPs are in MS Word format and can be downloaded and revised to fit your operation

MDE is planning to offer HACCP workshops in the fall. Continue to check **Food Scoop** for more information when it becomes available.

## Year End Cost Report / SY 2004-05

The School Meals Program Year End Report (SM-4012-A/R) for SY 2004-05 must be submitted and certified online via the Michigan Education Information System (MEIS) by July 31, 2005. Any amendments to the report must be submitted and recertified by August 31, 2005. After August 31, 2005, the site will be disabled and you will only be able to access the report as a read only document.

*Questions/Concerns: Please contact Renee Cratty at 517-373-8642 or Cheryl Schubel at 517-241-2597.*

## HEALTHY NUTRITION ENVIRONMENTS

### United Dairy Industries “Three a Day Winner”!

Congratulations to Alma Public Schools for winning the 2005 United Dairy Industries 3-A-Day of Dairy Nutrition Education Grant. The project is entitled “Get MOOving With Milk” and has a target audience of 594 middle school students (ages 11-14 year). The Food Service Director is Martha Powelson. The grant award is \$5,000!!!

The project includes a variety of student activities designed to increase awareness of the importance of calcium and dairy foods to personal health, increase consumption of a variety of dairy foods and encourage better nutritional choices. The program provides students with tools to create their own dairy foods campaign incorporating age-appropriate health and nutrition information from local health professionals, fun and innovative classroom contests, student taste-tests and product giveaways. Great job, Martha!!!
